28. [REDACTED] BRIEFING Accompanied [REDACTED]

25X1

NFAC/OSR, who briefed Peter Murphy, Gordon Casey and Charles Murphy, of the House Appropriations Committee staff, on the history, development and current status of the Soviet tank inventory. This briefing was informative and he answered all the questions of the staff members. I provided Peter Murphy with a chart showing comparative characteristics and performance capabilities of the Soviet YAK-36 Forger A aircraft with the AV-8A Harrier and explained to him that the expert in this area was out of town but we could provide a briefing at a later date when he wished.

USSR

[redacted] BRIEFING Loch Johnson, House
Permanent Select Committee on Intelligence staff, came out to the
Headquarters building, and I accompanied him to three briefings as
follows: [redacted] DC/SE/SA, [redacted] C/SE/SA/CA, [redacted]

25X1

[redacted] CAS/DDO, combined to render a briefing on the Agency's

[redacted] Mr. Johnson seemed to be satisfied with the
briefing, which took roughly one and one half hours in the office of
Don Gregg, SA/DO/O. The bulk of the briefing related to the

25X1

25X1

[redacted] DC/CI Staff, provided Mr. Johnson with an update
on CI Staff activities and approaches. Mr. Johnson had previously met
with [redacted] former C/CI Staff, roughly one and one half
years ago and wanted to bring himself up to date on how the CI Staff is
presently operating. Mr. Johnson feels strongly that CI Staff should have
a unit devoted to discovery of possible Soviet technical (via telemetry et-
cetera) misinformation, particularly to support analysis in the strategic
weapons field.

30. (Unclassified - GMC) HEARING Received a call from Molly Williamson, staff of the House Select Committee on Population. Ms. Williamson said that the Committee staff had failed to convince Chairman James Scheuer (D., N.Y.) not to ask the Director to testify in open hearings on the security implications of population changes. She said she was calling to get our informal reaction to such an invitation. I told her that we might want to send a delegation of ranking Agency officials to speak to the Chairman directly and that I would be back in touch with her early next week.

25X1 31. (Internal Use Only - MMP) BRIEFING Accompanied [redacted] both from ORPA, and [redacted] NFAC/CSS, to a briefing of Senator Richard Stone (D., Fla.). The briefing ran from 0910 -1030 hours and was divided into two parts: (1) a classified portion on Soviet pilots in Cuba; and (2) a non-classified discussion of CIA analysts' considered opinions about likely Panamanian, Central American and Caribbean reactions to US non-ratification of the Panama Canal Treaties and/or to various possible amendments to those treaties. The briefing was exceedingly well done and the Senator stated that he now has a much better grip on how much maneuvering room exists with regard to amendments. Gene Parvin and Barry Schochet, in the Senator's office, sat in on portions of the briefing. There is a good possibility that the Senator will call on CIA for more analysis as the language of the possible amendments become clearer.

32. (Internal Use Only - MMP) LIAISON Called Mike O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, to tell him that the DCI and DDCI would be attending the 24 February party for George Cary, former Legislative Counsel, and that there would be an award given out. This was in response to a question that Mr. O'Neil had asked me the previous day.

6. (Unclassified - MG) LIAISON Received a call from Sandra Masur, in the office of Senator Charles Percy (R., Ill.), who requested a copy of the unclassified CIA report "International Energy Situation: Outlook to 1985" and any other unclassified publications I could forward to her on energy. In addition to the requested publication, the following were sent to Ms. Masur: "Prospects for Soviet Oil Production;" "Prospects for Soviet Oil Production, A supplemental Analysis;" "Economic Indicators Weekly Review;" and "International Energy Biweekly Statistical Review."

7. (Unclassified - THW) LIAISON Mike Maloof, on the staff of Senator Charles Percy (R., Ill.), called wondering whether we had any information on what General Somoza's, President of Nicaragua, holdings in the United States were. After checking with [REDACTED] C/CSS/NFAC^{25X1}, I said we had no information on his holdings nor did we have any suggestions as to where he might get this information.

8. (Unclassified - THW) LIAISON George Murphy, in the Senate Office of Classified National Security Information, called saying he wanted to be sure we were aware that they would be in the office on Saturday in the event we wanted to take a closer look at the material that had already been deleted from the Senate session of Senator Birch Bayh's (D., Ind.) testimony on U.S. intelligence activities in Panama. I said I would pass the information on.

9. (Unclassified - DFM) LIAISON Called Martha MacDonald, Senate Select Committee on Intelligence staff, and received from her a listing of Committee meetings for next week.

10. (Unclassified - DFM) LIAISON Checked with Ted Ralston, Senate Select Committee on Intelligence staff, and was informed that he did receive notes OLC sent him from his week-long visit at NPIC.

11. (Unclassified - DFM) LIAISON Called Katherine Essoyan, Senate Select Committee on Intelligence staff, and confirmed meetings next week for the Committee team studying intelligence capabilities against international terrorism. Scheduled are a 27 February 2:00 p.m. meeting on the recent Egyptian/Cypriot terrorist incident and a 3 March 10:00 a.m. meeting on NFAC reporting on terrorism. Ms. Essoyan also asked me about the follow-ups from the two previous meetings the Committee staff has had on terrorism and I agreed to check into these.

1. (Unclassified - NDL) LIAISON Received a call from Ann Proctor, Staff Assistant to Senator Thomas F. Eagleton (D., Mo.), who requested a current issue of the "National Basic Intelligence Factbook." After checking with CSS/NFAC, I phoned Ms. Proctor back and told her one would be forthcoming as soon as we received them from the printers. She said this would be fine.

✓ 2. (Unclassified - NDL) LIAISON Received a call from Suzanne Boisclair, in the Office of Technical Assessment, who requested a copy of the Agency publication entitled "The Impact of Fertilizer on Soviet Grain Output From 1960-1980." After checking with CSS/NFAC, I told Ms. Boisclair a copy would be forthcoming.

3. (Unclassified - MG) LIAISON Received a call from Donna, in the office of Representative Morgan F. Murphy (D., Ill.), who wanted to know if the cuts in the DDO, which she read in the press, are still going to take place. She wondered if the appointment of Ambassador Frank Carlucci to the position of DDCI and the Director's remarks that the DDCI would handle most of the day-to-day operations of the Agency would change the decision to make these cuts. I told her that the reduction in force of the DDO will still take place and that the Director had made a statement on the cuts which makes his position clear on the matter and that I would be happy to forward a copy to her. She thanked me for the assistance. The statement was forwarded this date.

4. (Unclassified - MG) LIAISON Per her request of yesterday, sent via courier to Ramona, in the office of Senator H. John Heinz (R., Pa.), a copy of two CIA studies on terrorism: "International Terrorism in 1976" and "International and Transnational Terrorism: Diagnosis and Prognosis."

5. (Unclassified - MG) LIAISON Per our previous conversations, sent via courier to Debbie Dubrule, Joint Economic Committee staff, copies of the "International Energy Biweekly Statistical Review" for 11 January 1978 and 22 February 1978.
